MoME Reference N°	404-02-00038/2021-06
KfW Procurement N°	506013
Executing Agency:	Ministry of Mining and Energy (MoME) of the Republic of Serbia Sector for Energy Efficiency and Renewable Energy Sources Central Project Implementation Unit (CPIU), Nemanjina 22-26, Belgrade, Serbia
Employer:	JKP “Gradska toplana” 28. novembra broj 35, Novi Pazar Republic of Serbia
Tender Agent:	Consortium CES clean energy solutions GmbH (“CES”) in association with Decon International GmbH (“Decon”)
Financing of this procurement and Disbursement Procedure:	KfW Development Bank, Frankfurt (KfW) Loan co-financed by the Swiss Secretariat for Economic Affairs (SECO) and Financial Contribution from the German Financial Co-operation. The KfW Direct Disbursement Procedure shall apply

Part of this program is engineering, supply of goods and installation works for heating sub-stations and accessories for the district heating company “Gradska toplana Novi Pazar”, comprising of the following scope:

- Detailed design as required in accordance to the Serbian Law
- Deliveries and installation works (specifically defined the tender documents) for indirect type compact substations and accessories
- Deliveries and installation works (specifically defined the tender documents) for upgrade and modernization of existing substations
- Dismantling works of old equipment where replacement of old with new equipment / sub-station is foreseen
- Permitting procedures (if applicable)

The delivery scope for the substations includes, but is not limited to below listed equipment:

- Control Valves (Combination Valves and 2-Way Valves including Drives)
- Sensors for Temperature and Pressure
- Heat Exchangers
- Digital Control Units
- Pumps
- Armature (Balancing Valves, Check Valves, Ball Valves, Strainers/Filters, Draining/Venting Vessels, Venting Vessels)
- Expansion tanks
- Safety valves
- Measurement Devices (Manometers & Thermometers)
- Heat meters (including calibration and verification procedures in accordance with Serbian Law)
- Supply of SCADA system (hardware and software), installation, parameter setting and putting into operation including commissioning.

The limits of the Contractors Scope are up to the block valves on the service connection pipes installed by other Contractor inside the buildings, for connecting of the DH substations.

The Commencement of the Works is expected in December 2021 and the Provisional Acceptance in January 2023.

This Pre-Qualification is open to eligible bidders who have experiences in engineering, supply and installation of district heating sub-stations and annual turnover of >= 800.000 EUR, single or as Joint Venture of maximum three entities. Further qualification requirements are specified in the Pre-Qualification Documents.

Interested firms are invited to contact the following address to obtain the pre-qualification documents:

KfW-Biomass-Serbia Tender Agent	Cc.: Co-Tender Agent
decon international GmbH	CES clean energy solutions GmbH (“CES”)
KfW-Biomass-Serbia-Tender@decon.de	KfW-Biomass-Serbia-Tender@ic-ces.at

and will receive a down load link upon a payment of a non-refundable fee (including VAT) of 14.100 (fourteen thousand and one hundred) RSD for Serbian Bidders or 100 (one hundred) EURO for international bidders in favor of one of the accounts specified below.
